| Metal Building Insulation | OptiLiner – Banded Liner System | Approved |

Item #02 – Sign In Sheet

Q: Please post the sign-in sheet.

A: This was posted on the bidding website shortly after the mandatory prebid meeting.

II. ARCHITECTURAL

Item 1: Ceiling and Wall Insulation Substitution

Q: On plan sheet AE-302, Detail A1 and A3, it calls out for Simple Saver Insulation to be installed in both the walls and the ceiling of the building or approved equal. We would like to submit OptiLiner-Banded Liner System as an approved equal before the project bids. We have attached the submittal for your review and comment.

A: See I. GENERAL section of this addendum.

III. CIVIL

Item 1: Backflow Prevention

Q: There is no mention of backflow prevention. Is it required?

A: Backflow prevention is not required.

IV. STRUCTURAL

None

V. MECHANICAL

VI. ELECTRICAL

Item 1: Bid Survey

Q: Note DD on Plan Sheet E001 calls out for a bid survey for an emergency responder system. Is this correct for this project?

A: This is not required for this project.

Item 2: Electrical

Q: Sheet E001 General Note DD asks for a survey for a BDA system and if the survey requires a BDA system to provide one. There is no other information that I can see on the plans or in specs regarding this. Question: What is the brand name and model of the BDA system that they would want? Need to know this so all electrical contractors have an even and fair opportunity to bid this project.

A: This is not required for this project.
